

Tanning Leather.—As the article of Leather is beginning to be regarded as an important item of home manufacture, any facilities for its more speedy and effectual preparation, which may be presented, must be worthy the attention of those interested in the business. We observe that a new process has recently been discovered, by which calf and sheep skins may be tanned in a few hours, and large hides in a few days. Mr. W. G. Hunting, 5 Hayne-street, is Agent for the sale of Rights to use this invention, which has been duly patented.—*Chas. Courier.*

Among the many blessings attendant upon improvements in the social condition and the advances of our race in intelligence is the prolongation of human life. With the increase of intelligence has grown up a knowledge for the elements of health, and a regard for them, and commensurately with the strides of science have we acquired the means of arresting disease, and averting its ravages. Notwithstanding the progress we have made, statistics show that even now, one-sixth of the whole population die annually of consumption.

One of the most important discoveries of the age, in ameliorating the condition of this large class of suffering humanity, is

DR. WISTAR'S BALM OF WILD CHERRY.
Wanda, Livingston Co., N. Y. June 30, 1848.
Mr. S. W. Wistar—Dear Sir: Prompted by a sense of gratitude for benefits received from the use of WISTAR'S BALM OF WILD CHERRY, I submit the following statement: Previous to my taking the Wild Cherry, I had been obliged to give up my business in consequence of a severe affection of the lungs. In this distressed state I was ordered to try your remedy for CONSUMPTION. I did so, and in the course of a few weeks, I was restored to comparative good health, so that I have since been able to attend to ordinary business. Indeed, my present state of health far exceeds my most sanguine expectations.

Yours truly,
JOHN BURNS.

None genuine unless signed by BUTTS on the wrapper, for sale in Camden at McKAIN'S Drug Store. Wholesale by P. M. COHEN & Co., Charleston, S. C., and by Druggists generally throughout the State.

Dr. A. Rogee's SYRUP OF LIVERWORT AND TAR, has proved itself to be the most extraordinary medicinal aid in curing that usually fatal disease, Consumption. But, it should be remembered, this medicine is as efficacious and valuable in the incipient stages, such as Coughs, Colds, Hoarseness, &c., before the lungs are so far gone that ulceration has taken place. It is seldom, if ever, known to fail in breaking up the most obstinate and distressing cough or Cold, in a few hours time, if the directions are strictly followed.
